QUALIFICATION REQUIREMENTS

In cooperation with Narragansett Electric Small Business Program, The Rhode Island State Energy Office, (RISEO) is providing cash incentives to small commercial/industrial applicants who install high-efficiency heating equipment measures. To qualify, applicants must have an average demand use of 100 KW monthly or less.

Greenhouse Gas Program Measures

Measure	Incentive cap*
❖ Temperature control (per individual thermostat)	\$75
❖ Temperature control (communicating or “EMS”)	\$150
❖ Insulation of pipe, duct, or steam lines; duct leakage repair (for heating Fuels)	\$500
❖ Steam trap replacement	\$100 per trap
❖ Boiler reset controls	\$400
❖ Low intensity infrared heater (per unit)	\$400
❖ Premium efficiency heating boiler/furnace	\$3,000
❖ High efficiency burners	\$750
❖ Indirect fired or high efficiency water heater	\$400

*All incentives capped at 25% of installed cost or \$3,000 per building, whichever is lower.

The rebate program applies to equipment purchased and installed between: January 1, 2004 and December 31, 2004 (**subject to funding availability**)

APPLICATIONS RECEIVED AFTER JANUARY 31, 2005 **WILL NOT BE PROCESSED** FOR PAYMENT.

In order for our office to process your applications an applicable dated receipt and/or contractor's invoice must be included. Allow six to eight weeks for processing.
